reaching new frontiers

from the desk of Pieter Muller

To all our Employees and Service Provider partners

Since yesterday 6 March 2013 Solvents Sasolburg has achieved Zero RCR for our Service Providers, and with the Zero RCR of our Employees over the last 12 Months we have now achieved Zero RCR in total. So let us celebrate for one second on this accolade.

This achievement in the past could only be done for 21 days, i.e. the hard work starts today in order to sustain this. Let us continue our focus and awareness, think before you act, do not take shortcuts and assist your fellow employees.

To all our employees – Thank you very much for your hard work and dedication in achieving this. **YOU ARE A GREAT TEAM!!!**

To all our Service Provider partners – We cannot underestimate your commitment especially during shutdowns over the last year. It is much appreciated and we thank you for this! **YOU ARE A GREAT PARTNER!!!**

Keep it very safe and let us continue on this journey. Be very humble and remember our next action determines the future of this achievement.

Regards

Pieter Muller
